

**CITY OF DANA POINT  
MEMBER OF THE CITY COUNCIL**

**LARA ANDERSON**

**OCCUPATION:** Local Businesswoman and Community Volunteer

Like you, I want what is best for Dana Point, from Capistrano Beach to Monarch Beach. We residents should be listened to by the people we elect but special interest groups spend wildly getting "their" candidates elected. Decisions drastically impacting our way of life are being made with little or no public discussion. Isn't it about time to take our city back?

I'll bring my energy and dedication to work tirelessly on your behalf:

- Fighting pollution threatening our beaches, families, and economy
- Easing traffic and parking issues
- Practicing true fiscal responsibility
- Protecting property rights and values
- Undergrounding utilities
- Encouraging local culture

A City Council Member is a public servant. My years of experience serving our community include: President-Animal Rescue Foundation; Vice President-Lantern Village Association; Board of Directors-Dana Point/Capistrano Beach Historical Society, Chairperson-Festival of Whales; Chairperson-Wag-A-Thon; and more.

I'm a native Californian, USC graduate, wife to Andrew, mom to 3 boys, (all former foster children.) I work locally for a leading scientific book publisher and I'm an Avon Independent Sales Representative.

Vote Lara Anderson for your fair, honest, enthusiastic, responsible, community-focused representative on the City Council. I need your support and your vote.
